Education

Bachelor of Science in Computer Science
University of Southeastern Philippines

Experience

- Lead Frontend Developer**
ETHOS Innovation Inc. [Part-time] Oct 2022 - Present
Spearheaded the development of a web application for a government agency in the Philippines, utilizing ReactJS, JavaScript, TypeScript, and AWS.
- Frontend Developer**
Comfac Technology Options [Contract] Dec 2025 - Jun 2025
Developed scalable frontend features using React, TypeScript, and GraphQL within a microservices architecture powered by Docker. Collaborated with cross-functional teams in Scrum ceremonies. Leveraged Docker to create uniform development environments, improving integration efficiency and simplifying deployment.
- Full Stack Developer**
Strongwill I.T. Solutions [Contract] Feb 2024 - Aug 20124
Built and maintained a health management system using Angular, Node.js, NestJS, and MongoDB. Designed secure RESTful APIs and implemented data handling practices aligned with HIPAA compliance requirements. Collaborated with different teams to ensure the system met usability, privacy, and regulatory standards.
- Frontend Developer**
PRL BPO Technology Corp. [Full-time] Dec 2020 - Jul 2023
Built and maintained a responsive ReactJS and TypeScript web app using MUI for UI components and Vite for efficient builds. Ensured reliability through Cypress testing and implemented multilingual support for global accessibility.
- Junior Software Developer**
Traxion Tech Inc. [Full-time] Jul 2019 - Mar 2020
Engineered web applications using React, Angular, Python, and Django to deliver robust and responsive user experiences. Developed and consumed RESTful APIs and implemented PostgreSQL for secure and efficient data storage. Integrated Stripe to enable seamless and secure payment processing.
